

Miracle II Products

And Protocol

The basic formula for Miracle II Soap was given to Clayton Tedeton in July 1981 ... 21 years ago. And this month, Clayton has just received orders from the 29th country. As Clayton was told, when given the formula ... *"I will give you something that is needed by every person on Earth."*

Today, we have six **Miracle II Outreach Products**. These products are the most complex mixture of natural minerals and organics that has ever been blended together. Miracle II is a Spiritually Revealed formulated product.

Original Miracle Soap

Contains Prayer, Electrically engineered eloptic energized stabilized oxygenated water - Ash of Dedecyl Solution – Dehydrabiethylamine – Calcium -- Potassium – Magnesium and Foaming Agent, and The Anointing of God.

Miracle II contains and holds spiritual and *eloptic energy beyond measure.

It is perfect for normal or oily skin and hair, and for cleaning anything that water won't hurt.

"Eloptic" – Coming from electricity and light

Green Coloring: Modified cornstarch, green vegetable gum, citric acid, potassium.

Miracle II Moisturizing Soap ...

Is the basic Miracle Soap with added – Cold pressed avocado, almond, olive and coconut oils, and Vitamin E. It is perfect for dry skin and hair.

Both Soaps are biodegradable and naturally concentrated.

Miracle II Neutralizer

Contains Prayer, Electrically engineered eloptic energized stabilized oxygenated water – Ash of Dedecyl solution – Calcium – Potassium – Magnesium – And the Anointing of God. Contains and holds spiritual and eloptic energy beyond measure. This is an emergency room in a bottle, as reported by many. It is Sopi H2O – Biodegradable. pH is Supernaturally Balanced. Miracle II Neutralizer is Nature's Miracle for the Total Body.

Miracle II Neutralizer Gel

Contains Prayer – electrically engineered eloptic energized stabilized oxygenated water – Ash of Dedecyl Solution – Calcium – Potassium -- Magnesium (Carbopol) 940 – and the Anointing of God. Miracle II contains and holds Spiritual and eloptic energy beyond measure for a Miracle for your body.

Clayton tells us the Neutralizer Gel is four times the concentration of regular Neutralizer. As a Gel, this can be applied topically and concentrated on a specific area.

Miracle II Skin Moisturizer

Contains fabulous oils and emollients. It contains the Miracle II Spiritual and eloptic energy, cold pressed avocado, sweet and bitter almond, coconut oils and Vitamin E. Clayton tells us this is the Neutralizer Gel with added oils, for dry skin.

Miracle II Laundry and Therapeutic Ball

Contains Miracle II Eloptic Energy, Miracle II Neutralizer and Miracle II Soap. The ball is guaranteed three years, but should last a lifetime, as long as the ball itself lasts. For laundry, can be used with, or without Miracle II Soap. If adding Soap, add about a half-ounce. Because of the emission of Eloptic Energy, the ball is also therapeutic. Apply Neutralizer Gel, then squeeze with the hands, roll under the soles of the feet, roll on the back of neck ... anyplace that hurts.

Miracle II has also added the Thai Deodorant Stone to the product line. People find it far more effective than commercial deodorants, and it contains no harsh chemicals, perfumes, oils, emulsifiers, alcohol or propellants, or aluminum chlorohydrate. It is made from potassium sulfate and other mineral salts, crystallized over time. Anything that is intimately applied to the sensitive skin on a daily basis must be pure, safe and natural! The Thai Deodorant Stone inhibits bacterial growth on your body, the cause of body odor.

As we continue, you will find a *Miracle II Outreach Product* to replace every harmful, toxic chemical in your home! One of the very first things we must do is to deliberately go through every room and garage in our home ... *read those labels!* They used to have a skull and crossbones on them, but people "got the message" too quickly. Now, it just has a little paragraph saying, "**Warning.**" *Any product with the word "Warning" on it should be pitched!*

Don't use the logic, "Well, I just bought all of these ... some of these poisons are still unused! I will continue to use the poisons till they are gone, because I paid for them." As Clayton says ... "Get them out of the house!" The transition to the healing energy of Miracle II is easy!

Product Dilutions

For Light Cleaning – Dilution #1

10 Drops Regular Miracle Soap and 10 Drops Neutralizer in a 32 oz spray bottle (like a Windex bottle).

Use this on glass, mirrors, countertops, stainless steel, refrigerators, fiberglass, leathers and plastic.

For Medium Cleaning – Dilution #2

2 oz Regular Miracle Soap and 2 oz Neutralizer in a 32 oz water bottle. Use this as your mixing bottle. From it, fill smaller trigger spray bottles you can keep throughout the house.

Use on floors, bathrooms, tile, cabinets, paneling, refrigerator, skin, carpet, spot remover, upholstery, stainless steel, fiberglass, automobile, mildew, soot on brick and stone.

For Heavy Cleaning -- Dilution #3

4 oz Regular Miracle Soap and 4 oz Neutralizer in a 32 oz water bottle.

Use on floors, grease traps, drains, pots, pans, oven, glass fireplace doors, white sidewall tires, bad carpet stains, holding tanks on campers, clothes, wax stripper, oil; on carports, and crazy glue cleanup.

Products – Personal Usage

The Bath

Use one ounce of Regular, or Moisturizing Soap and two ounces Neutralizer. Toss in a Laundry/Therapeutic Ball. Fill as high as you can, and time yourself for a minimum of 30 minutes. Work the Therapeutic ball on areas that hurt. It is good to use a natural bristle brush to scrub off old dry skin.

It is not unusual for those who are critically ill to see the water turn dark, or even black. Just imagine how happy your body will be to finally have a way to get all of this OUT!

Most of us like to let the water sit a while, overnight, or an equivalent period of time ... then drain. It is amazing the residue that will be found, settled on the bottom of the tub! And for those who do not see dark, or black water ... at first ... you may be surprised to see a sudden change in color a couple of months down the road. This can happen a few of days in a row ... and then it turns clear again. People have seen this happen periodically ... like every two months ... as the body continues to dig in, ever deeper, to release the toxic burden. At times like these, we wonder just how dirty the OUTSIDE of our body would have been, to release this kind of contamination! Some people like to air-dry, keeping the Miracle II on the skin. Remember, Miracle II is good to leave on the skin ... NOT like the old animal-oil soaps we used to use!

Also, women do not need to worry about urinary track infection. Commercial products warn women not to soak in the bubble bath!

In fact, even one Miracle II bath has had healing effects in this area!

After the Bath

The body should be protected from environmental toxins, by shielding it with either the Neutralizer Gel or Skin Moisturizer. Some people like to spray their body with liquid Neutralizer.

Can't Take a Bath?

If you must use a shower, mix a solution of Soap/Neutralizer/Gel in a plastic bottle. A little will go a long way. Some like to reapply this mixture lightly after cleansing, and let it air-dry on the body. It is also a good idea to put a stopper on the bottom of the shower and let the water accumulate ... for a foot bath.

Foot Bath

Those unable to take a bath or shower can have excellent results with a foot bath. We hear of lots of dark water, just from the feet!

Personal Hygiene

It is good to get into the habit of having a spray bottle of Neutralizer in the bathroom. Start the day right ... spray the eyes, ears, nose and throat with Neutralizer! Clayton has been doing it for years!

Brushing the Teeth

Use Neutralizer Gel on the brush with ONE drop of Soap. -- Want to make it appealing for the little ones? Combine Neutralizer Gel, Soap, and a touch of Oil of Peppermint, or Spearmint. Kids love it! -- We are told to brush and spit out ... rinse with Neutralizer ... spit out again, and do NOT rinse with water, just swallow. What little Soap is left will do a good job ridding the intestines of parasites! – Still wondering if you and your family should give up toothpaste? Then READ THE LABEL! We do not want them to brush with antifreeze! We do not want our little ones swallowing poison!

Here is something we find quite disturbing ...

Excerpt from Bill Moyer's Show, "Now" –

Dr. Steingraber: "Children have home and garden pesticides in their urine and they're peeing out wood preservatives. Women have termite poisons and toilet deodorizers and flame-retardants in their breast milk. "

Bill Moyer: "In my lifetime, more than 75,000 synthetic chemicals and metals have been put to use in America ... And scientists are concerned that recent increases in childhood illnesses like asthma and cancer, as well as learning disabilities, may be related to the environment – to what kids eat, drink and breathe."

Our bodies, today, are living in a very hostile environment! Everyone in our family can live a better life, just by replacing all these "everyday poisons" with pure and healing products! And the good part is, it doesn't add to our budget! We just stop buying poisonous chemicals, and replace them with Miracle II products!

The gums ... dental work

In cases of Gingivitis, Neutralizer Gel can be applied to the gums. And, when recovering from dental and gum work ... Novocain ... we can avoid taking prescribed pain pills, just by keeping the Gel in our mouth and taking Neutralizer to flush out the Novocain. People are amazed!

Hair Care

Miracle II makes a wonderful shampoo! And, the Neutralizer Gel is such a great setting gel. However, for those who color their hair ... yes, Miracle II will lift out those colors! Miracle II is alkaline; from 7.0 – 8.0 pH ... it opens the hair cuticle ... as well as our skin's 7 million pores!

The Eyes

Gel can be applied to the eyes ... on the lids ... into the eyes, before going to bed at night. It is also good to put liquid Neutralizer in an eye cup, lie on your back, and roll the Neutralizer around with the eye for about five minutes a day. -- And for any accident or harmful solution getting into the eyes ... put in the Gel right away!

The Hands

There are some great soap dispensers available ... from Dial! They are small triangular bottles, labeled Foamy! Buy a bottle for every sink. Dump out the Dial! Now, fill dispenser with half Moisturizer Soap and half Neutralizer. You will love it! The Miracle II Soap/Neutralizer comes out foamy! Like shaving cream! So nice, no drips! Everyone loves this!

Taking Neutralizer:

We are told to begin with seven drops, and gradually work our way up to about one ounce, twice a day. And those of you who are very sensitive, may want to start with only three drops. Some people get a real response from just ONE drop! We are also told not to start taking Neutralizer internally until we have had at least two baths! Neutralizer does the internal cleansing ... but, we must prepare the pores in the skin ... by taking the baths ... so that the "found" contaminants can get out! Never take Neutralizer without also taking the baths! Baths allow the loosened toxins to come out!

Warts and Moles

Apply full strength Regular Soap directly on the wart or mole. Avoid leaving it on the surrounding area, as it can burn delicate skin. After it dries, apply Gel. Try to do this twice a day. You will watch the wart or mole get crusty and dry up. Sometimes a dark spot will actually get bigger ... uglier ... and develop a hard crust. Just stay with it. Sometimes it has taken months ... but eventually it will start flaking off, and there will be the nice new pink skin!

Rashes

From jock itch to diaper rash ... wash with a mild solution of the Soap, followed by the Gel. -- Ahhhh, feels better!!

Insect Bites

Wasp Stings, etc. Immediately apply the Gel.

Spray wasps, bees, etc. with Neutralizer. They drown.

Itchy bites: Apply the Soap, then Gel.

To prevent bites from mosquitoes, ticks, bugs, etc., apply either the Gel or the Skin Moisturizer. They won't bite anymore!

Before going outdoors, take one teaspoon Soap plus two ounces Neutralizer and spray your body and clothes. No bites.

Sun Tan and Screen

The Skin Moisturizer is wonderful in the sun! Shields the burning rays and gives a beautiful tan!

Parasites

Put ONE DROP Soap in one ounce of Neutralizer. Take once a day for three days. Watch what comes out! Skip one day. Repeat again for three days. -
- Then, do it every six months.

Burns, Cuts, Hurts

For burns, apply the Gel immediately! Saturate a soft cloth with Neutralizer and wrap, covered with a plastic wrap. Same for cuts. Even broken toes release the trauma and pain when Gel is applied. It's a Miracle!! If it hurts ... Neutralize it!

Deep Cleansing Program

For deep pain and swelling

Miracle II has a 3-step process to help cure skin problems, relieve pain and swelling. This process is called *Deep Cleansing*. We have learned that teaching people how to do this process enables them to instantly demonstrate the power of Miracle II.

Step 1: In a spray bottle, put 50% Soap and 50% water, so it will spray. Spray the diluted Soap on the area and rub it in until it is all absorbed.

Step 2: Spray on the Neutralizer, next (and if you get the 3x, all the better!) Rub the Neutralizer in, until fully absorbed.

Repeat Steps 1 & 2 a second time and third time.

Step 3: Follow with the Neutralizer Gel ... rubbing it in until fully absorbed.

This immediately relieves pain and continues to relieve pain for the next two days. Keep it up. For an intense treatment, now place a cloth soaked in Neutralizer and wrap with plastic. Leave overnight.

With problem areas, repeat this process three times a week.

On other days, apply as above, omitting the soap.

Dr. David G. Speer, Ph.D. in Naturopathy, 20 + years in Reflexology and massage therapy, yoga teacher and student of many disciplines throughout the world, on a conference call, tells how he uses the above program as a massage ... massaging from the Atlas, just at base of head to the tail bone ... 3 inches to left and right of spine ... getting wonderful results ... "One out of three people gets a Miracle. A total, complete reversal of their condition." He says he gets twice the results with half the effort. – **For constipation**, do the procedure abdominal area ... intestines ... from pubic bone to above

the navel and take internally, starting with 7 drops. **For stroke**, massage the tissue next to the bone. He had people get over stroke with just two massages.

Massage

Massage therapists have found that by using the Gel, instead of their oils ... the deep tissues relax and they can begin treatment earlier. With oils, it can take about 30 minutes just to get the deep relaxation, enabling them to work.

Hot Tub

Miracle II can be used in the hot tub. Use a *very small amount of Moisturizing Soap* and an ounce or two of Neutralizer. Just refresh it each time with a little "touch-up." You will also find the motor running more quietly.

Swimming Pool

Two ways to add Miracle II:

- 1) Put in about a half gallon Neutralizer with a little Soap. Work with it to get the pH balance. Continue to update it.
- 2) Drain the pool and put in ONLY Neutralizer and a little Soap.

The pool will stay cleaner. Bugs cannot walk on Miracle II water. They sink and drown.
